

## Introduction Letter

Dear Sir/ Madam,

We are happy to introduce you to FA International. Established in 2008 FA is a Bamford Produce. We have been in business since 1881. The two companies combined have over 80 trucks and 100 reefer trailers. In addition to a large equipment base we are also currently working on all transport certifications: CTPAT, PIP, FAST, and CSA. All our equipment is satellite tracked and that makes communicating to our drivers promptly available. We have a well-established track record and our services have always met with great customer satisfaction. We offer great service at a very competent price and have never been known to compromise on the quality of our service.

We have experienced tremendous growth due to our employees; FA is a dynamic atmosphere where our staffs are industry professionals that are committed to their job and service to their Customers. FA Staff are up to date with all respective legislation and market conditions. All our team members are loyal and we enjoy a nearly almost nonexistent staff turnover.

We focus on developing win/win relationships with our Customers. We provide a number of services that our customers benefit from. If you would like any information on how we can help your transportation/supply chain needs please call us at 416 640 7001.

Sincerely,

FA INTERNATIONAL
